Dear Igor ,

Thank you very much for the excellent result you achieved with my case.
As you know I had a lawyer here in Australia working on this previously and, after 12 months nothing had been achieved, I had given up hope of reaching a settlement.

Your response to my enquiry gave me new confidence, and within 3 months you researched the other party, located the business owner and managed to negotiate payment of the original amount. Well done!

I also thank you for the guidance with the international money transfers.
I also appreciate that you did not waste your time or my money with detailed translations, the brief updates were enough to keep me informed.

Yours sincerely,
